Join interactive meeting as participant

Important:
Close all other apps which might use your camera and microphone (e.g. Zoom)

Find a list of supported browsers, operating systems, and mobile devices [here](#).

Move cursor over video tile
Pop out: Move video tile to bottom right corner (local view only)
Move to grid: move video tile back again

Global chat for the entire meeting (even if breakouts are active)

Post questions or upvote other participants' questions

Video and audio settings

Share entire screen, browser tabs or windows (tick "share system audio" in bottom left corner if necessary)

Leave the room
Please do not close the window after leaving, just use the menu on the left to get to the next agenda item.
